

**SAKU KULD**

Saku from Estonia is brewed according to centuries-old traditions. Saku is a full-bodied beer, but mild with a delicate freshness.

**BALTIKA COOLER**

Baltika Cooler from Russia is a modern, fresh and easy-to-drink beer which is sold in clear bottles with a pull-off cap.

**ALDARIS**

The Latvian beer Aldaris Luxury is brewed with a special hop which is only grown in one place in Europe, so the flavour is completely unique.

**BALTIKA NO. 7**

Baltika No. 7 is the most popular Russian premium beer. It is exported to 34 countries, from Australia, around Europe, to the USA.

**NEVSKOYE**

The recipe for the Russian beer Nevskoye is based on a classic Russian combination of strength and density, which gives a balanced flavour.

**SARBAST**

Sarbast is the first beer brand to be brewed at BBH's new brewery in Uzbekistan. Sarbast means "free and independent" in old Uzbek.

**SLAVUTICH**

The secret behind prize-winning beer Slavutich Svitle's full but light flavour is the brewing, which balances alcohol and density.
